

SETUP INSTRUCTIONS – VERSA7

Step 1: Install Seed Slide onto box

While holding onto the Actuator in front of the U-bolt, push the Seed Slide into the pockets under the slide gate on the seed box as pictured above.

Step 2: Unlock CAM-lever on seed box

Rotate Seed Box Lever Counter-Clockwise to unlock seed box discharge gate.

Step 3: Turn ON Seed Slide

Push the top side of the toggle switch on Seed Slide to turn light ON.

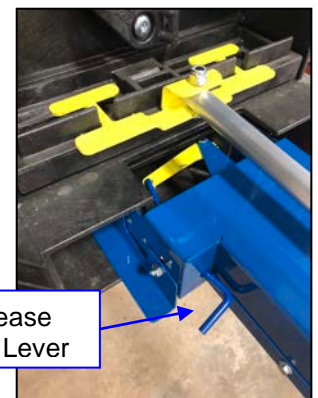

Step 4: Use Key-fob to open and close the gate on the seed box

Push and HOLD button #1 to open the gate and push and HOLD button #2 to close the gate.

(Buttons #3 and #4 are not currently used)

Step 5: Release Seed Slide from box

After seed box gate is fully closed, push release lever on Seed Slide to unlock from seed box.

**To keep battery from discharging between uses - push the bottom of the toggle switch to turn OFF.
(Warranty on batteries is void if switch is left on)**
